

1st Announcement

Asian Conference on Applied Superconductivity and Cryogenics

December 2-4, 2007, Xi'an, China

Organized by

China National Center for the Research and
Development of Superconductivity (China)
Northwest Institute for Nonferrous Metal Research
(China)
Western Superconducting Technologies Co., Ltd
(China)
Institute of Electrical Engineering,
Chinese Academy of Sciences (China)
Korea Institute of Applied Superconductivity and

Cryogenics (Korea)
Cryogenic Association of Japan(Japan)
Inter-University Accelerator Centre (India)

<http://www.c-nin.com/acasc.html>

Introduction:

The Asian Conference on Applied Superconductivity and Cryogenics will give an opportunity to present the latest developments in technology regarding applied superconductivity and cryogenics to experts from China, Japan, Korea, India and other countries in Asia. The conference will focus on the role of superconductivity in various aspects of research with a variety of concrete advanced applications and the science and engineering required for cryogenic applications.

Xi'an, the capital of Shaanxi province, is a modern city with an ancient history. It is famous for attractive natural surroundings and historic sites. It is a historical city with many marvelous tourist attractions. Among them there are the excavated Terra-cotta Warriors and Horses, which have been guarding the tomb of the First Qin emperor for over 2000 years.

All topics in the area of Applied Superconductivity and Cryogenics are considered for presentation. As a mere example, topics include:

- ✓ Large scale and power applications
- ✓ Small scale and electronic applications
- ✓ Superconducting materials,

- ✓ Cryogenic engineering and applications

Working Language:

The conference language is English only.

Registration Fee

Early Registration: US\$ 250 (US\$ 150 for students)

Committees:

Will be given out on the second announcement

Call for Abstracts:

Participants who would like to make a presentation at the conference must submit an abstract for consideration by the Scientific Committee. It should be written on letter-size or A4 paper in one of the following formats: Microsoft Word (2000 or below), Rich Text Format or ASCII text file (use this if only the former two formats are not available). The length of the abstract should be no more than 300 words with the font of Times New Roman (12 point). Please do not include figures, tables, complex equations, Greek letters and special mathematical symbols. Bold the title and underline the name of the presenter. Author name(s), mailing and email address and the preferred topic number should be included in the abstract. Please submit the abstract by email **before September 15, 2007 to:**

Email: acasc@c-nin.com

Important Dates

ACASC2007 Website Opens: June 2, 2007

Abstract Submission Due: **September 15, 2007**

Publication

Conference proceedings will not be published. As a substitute, selected papers will be published in the journal, *Cryogenics*, (as a special issue or part of a regular issue) after completing the normal review process.

Contact person

Dr. Pingxiang ZHANG
Program Committee of ACASC
Northwest Institute for Nonferrous Metal Research
P.O.Box 51, Xi'an 710016
Tel: 86-29-86231079
Fax: 86-29-86224487
Email: acasc@c-nin.com

If you are interested in this conference, would you please fill out the feedback form and return it to the secretariat.

E-mail: acasc@c-nin.com

Asian Conference on Applied

Superconductivity and Cryogenics

Xi'an, China, December 2-4, 2007

- I wish to receive the 2nd announcement
- I plan to attend the Conference
- I will probably submit a contribution

Title: Prof. _____ Dr. _____ Mr. _____ Mrs _____ Ms. _____

Name: _____
(Surname) (First name)

Mailing Address: _____

Country: _____

Tel: _____

Fax: _____

E-mail: _____

I wish to present a paper entitled: _____

Signature: _____ Date: _____
